**Volume 12, Number 1, March 2021**

We are glad to present the readers with the first issue of Volume 12. Recently, this journal has been accredited for five years as scientific journal (since Vol. 10 No. 1 March 2019) and indexed in **SINTA 2**, based on Ministry of Research, Technology and National Innovation, Republic Indonesia according to the decree No. 200/M/KPT/2020, dated 23th December 2020. Congratulations!

Jurnal Riset Kimia (J. Ris. Kim) is a peer-reviewed journal in the field of chemistry and applied chemistry, published by the Department of Chemistry, Faculty of Mathematics and Natural Sciences, Universitas Andalas, West Sumatra, Indonesia. The Publishing frequency is two issues per year, in March and September. The journal is dedicated to the following types of manuscripts: first, a research article with the scope of Chemistry and Applied Chemistry; second, a review article and last, Communication (Based on Editor's Invitation).

During the hardship of research due to the global pandemic, we continue to publish original research work from various topics in chemistry and applied chemistry. We featured eight articles authored from five different provinces in Indonesia. Two publications explain the synthesis and application of modified ZnO. The other two studied biosorbent materials and the applications as Zn removal from groundwater and reducing methylene blue concentration from textile waste. One article in organic chemistry scope published about the analysis of essential oil from *Lantana camara* leaves. Then, one author studied the chemical composition and quality of rainwater in Palu city. Last but not least, two papers covered two topics in biochemistry about molecular dynamic simulation of 1,5 -benzothiazepine and biodecolorization of emazol brilliant blue-R dye by tropical white-rot fungi and their enzymes in the presence of guaiacol.

The editor in chief acknowledges all authors, reviewers, and supporting staffs for their dedicated and professional work in this pandemic situation to the publication of Jurnal Riset Kimia. And special thanks to our future readers.
